Dear Potential Sponsor,

Welcome to HackIllinois 2018! We are the premier Open Source hackathon in the nation and are based at the University of Illinois at Urbana-Champaign. Last year, our attendees worked closely with open source mentors and were able to contribute to projects such as Gulp.js, Apache Airvata, Yargs, and many more.

From February 23-25 2018, we aim to establish a community of students to create and contribute to Open Source projects through productive mentor-student relationships and workshops to build the skills needed to give back to Free and Open Source Software.

As a sponsor, you will be able to:

☾ Develop relationships with talented students from across the country

☾ Have access to participant information and resumes

☾ Showcase your brand and develop exciting projects

☾ Contribute to the open source community

The next page has more details on how you can contribute to HackIllinois 2017. If you have any questions, please reach out to us at sponsor@hackillinois.org.

We look forward to working with you to make HackIllinois better than ever!

Thank you,
The HackIllinois Team

"HackIllinois has no barriers. It truly fosters an environment where so many like-minded people can come together and build things they are passionate about."

MICROSOFT

"It's been really invigorating to get this many pull requests ... I've [merged] 10 pull requests this weekend, which is probably more I've gotten in the last 6 months for this project "

BLAINE BUBLITZ
GULP.JS MAINTAINER
